The total amount of taxable property in Har-din county is \$4,472,187.

The Misses Allison entertained last evening at beautiful "Sunny Side," their country place.

Does your piano need tuning? If so call up Paul G. Germann at John I. Winter's.

Mr. Thomas Guilfoyle had a relapse last night and is in a very serious condition this morning.

Mr. W. H. Outten, who has been sick with the grip for the past week, is somewhat better this morning.

Mr. and Mrs. George Fleiter entertained last evening with a progressive euchre at their home in the East End. Refreshments were served at a late hour.

Dr. and Mrs. J. T. Strode of Lexington are spending several days with Mrs. Sallie Hall of Forest avenue. The doctor is the picture of health and does not look a day older than he did some ten years ago.

Ladies, if you contemplate organizing Chafing Dish parties we are prepared to make special low prices to Clubs. Now is your chance to buy chafing dishes at a bargain.

MURPHY, the Jeweler.

The Christian Church was filled last night to hear President Burris A. Jenkins on "The Divinity of Christ." Mr. Jenkins proved beyond a doubt to every one present (if you ask them) that Christ is divine. He put his miracles and his inspiration aside and proved his divinity by what Christ said of himself. President Jenkins speaks again today at 3 o'clock and tonight at 7:30. The large chorus led by Dr. Gordon Smoot will begin to sing at 7 o'clock.

REV. W. B. HINES

Lexington Pastor Engaged in Meeting at the Baptist Church

The services at the Baptist Church were attended by a fairly good crowd last evening, the speaker being Rev. W. B. Hines.

Rev. Hines was for five years State Evangelist of Virginia and is now Pastor of a Baptist Church in Lexington.

He is not only a splendid speaker but a sweet singer. His thoughts of last evening clustered around the revival on the day of Pentecost.

There was one addition to the Church.

This afternoon at 3 o'clock he will speak on "What We Should Pray For," and tonight at 7:15 on "Sin and Its Consequences."

Everybody invited to attend these services.

AND NOW YOU DON'T!

Too Much Grapevine News About Burley Tobacco Growers Deal

Now you do—

And now you don't! Mr. President Hawkins had best hurry home from Florida and issue another statement, because all the Burley is sold!

Papers that are publishing wild-eyed and inconsistent reports about the "success" of the deal after its failure is beyond repair, are doing the farmers a great injustice.

It was reported yesterday that Archibald Stewart, who has been in New York for several weeks trying to finance the deal, is on his way back to Cincinnati, and that he brings with him a tentative proposition or agreement for a new deal; but little faith need be put in the report, as the growers in the Burley section have already let go of millions of pounds of their tobacco, and the Association could not supply the desired three-fourths of the entire crop even if it had the necessary money.

LAWSON STORY SCOUTED.

The story that Thomas Lawson, the Boston millionaire, was considering the matter of extending the helping hand to the growers, by curing for them the desired loan, is scouted. Lawson is being kept busy in other directions, and while he may lend his moral support to the growers combine, tobacco men in Cincinnati believe the deal has collapsed for good. In this city within the past two days more than a million pounds of the Burley crop have been delivered to independent buyers and to American Tobacco Company's big warehouse prices ranging from 10 to 16 cents.

Fine Country Hams

Small and nicely trimmed. They won't last long at the low price, 15c Pound. EXTRA NICE COUNTRY SHOULDERS, only 10c a pound.

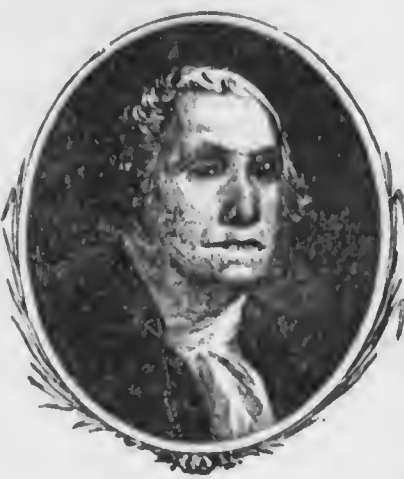

Telephone No. 43. G. W. GEISEL, OPPOSITE OPERA-HOUSE.

Quite a number of loads of tobacco was delivered in this city yesterday.

In the Circuit Court yesterday in the case of C. Crane & Co. v. C. F. Zweigart for the possession of five logs and damages in the sum of \$50 for detention of same, the Jury found that the plaintiffs were the owners of said logs and no damages were allowed.

WASHINGTON'S BIRTHDAY

It Will Be Celebrated Today By Joseph Heiser Post, G. A. R.

Joseph Heiser Post No. 13, Grand Army of the Republic, will celebrate Washington's Birthday in their hall in Cox Building this evening, the exercises beginning at 7:30 o'clock.

An elaborate and pleasing program has been arranged. Addresses, bearing on the life and character of Washington, will be delivered by forcible and entertaining speakers.

A choir of select singers will render sacred and patriotic songs, and a most excellent orchestra will furnish delightful instrumental music.

All old soldiers and every patriotic citizen are invited to come and enjoy a rare feast of intellectuality and inspiring music.

COMING BY TWELVES

Joe Wright's Family Has a Remarkable Increase in One Day

Joseph Wright is the engineer of M. C. Russell Company's delivery wagon.

Joseph's experience Tuesday night can be aptly paraphrased by repeating a story told on Hans Wagner.

Hans, as his name indicates, was a jovially big-hearted German fond of his beer.

On a memorable occasion he was enjoying an evening with convivial companions at a nearby inn.

When mirth and song was at its height a messenger entered with the intelligence—"Hans, Catharina has a baby!"

"Das ish good," gleefully responded Hans, "let us have some more beer."

A few minutes passed and another messenger announced—"Hans, Catharina has two babies!"

"Das ish better," responded Hans, "set up more beer."

Presently another courier arrived from Hans's home with the startling information—"Hans, Catharina has three babies!"

With consternation depicted in every lineament of his face, he exclaimed—"Mine Got in Himmel, I goes right up and stops de whole d—n piebness."

Now Joseph's experiences, while not exactly of a like character, were somewhat similar in several respects.

On visiting his barn the other evening he found a fresh litter of ten fine pigs; proceeding to another part of the barn he was delighted to find that a high-class heifer had given birth to an exceedingly fine calf.

Hastening to the house to impart the glad tidings of his increased wealth, he was met at the door by his better half who told him to go quickly for a Doctor, and before morning he was the proud father of a bouncing boy.

They say truth is stranger than fiction, and here is a case in point.

Once More the Pleasure is Ours to Welcome You to

Maysville's Tobacco Fair

When not otherwise engaged make our house headquarters. Come in with a "proprietary air," JUST AS IF YOU OWN THE STORE, and incidentally if you need an Overcoat, a Suit of Clothes or anything else pertaining to our line just help yourself or be helped. The price will be so insignificant that you'll feel you are not buying at all.

As a matter of course all tobacco exhibitors will not draw prizes, but everybody that will visit our store on Wednesday can draw a prize by a small investment. Selling Overcoats and Heavy Suits at this time values and prices are not considered. We want to close them out.

The latest fads in Stationery at Ray's.

Mrs. Carrie Nation, in trying to surpass Dr. Dowie and Mrs. Chadwick in her particular line, was given a back hand lick in Kansas last week by Bill Horn and landed some distance in a snowbank.

Ray's Cough Syrup is guaranteed to cure.

The whipping post would be about the most correct thing to apply to the backs of brutes who roll in drunkenness on Church pews of nights, thus making the danger of the conflagration extra imminent.

The most inveterate enemies of Mrs. Carrie Nation would never have accused her of trying to "take a horn."

One reason and the chief one given for the crusade against whisky in Bath county, is that liquor and darkies together cannot be endured.

Does your piano need tuning? If so call up Paul G. Germann at John I. Winter's.

It seems that Mrs. Carrie Nation has carried the war back into Kansas.

Rev. George Froh preached at the Washington Presbyterian Church Sunday evening.

Some of the royalty must be the recipients of that which they themselves use to mow down whole ranks of inoffending citizens at one blow.

The Ladies' Aid Society of the Baptist Church will serve dinner Tobacco Fair Day.

Mrs. Cassie Chadwick no doubt would have come out of the tobacco deal with more cash than all the members thereof have been known to have handled so far.

With Kansas entering into the oil business, how would it do for Kentucky to corner the tobacco crop?

They do things in Texas. Her Legislature adjourned a few days ago, loaded itself onto ten splendid Pullmans, and went over into Mexico to see a bullfight. The Legislatures of Delaware and Missouri are more fortunate—they have dogfights at home.

In his peroration on the late Barley Growers Trust, JIM ALLEN becomes high-falutin'. "Sink or swim, survive or perish, as our friend PATRICK HENRY declaimed," says he. Tut, tut, JEEMS: hunt up your Official Baseball Guide. Your uncle DAN WEBSTER was the old geezer who worked off that gag.

KANSAS has a freak Legislature. A few days ago it voted \$410,000 to enable the state to go into the oil refining business in opposition to the Standard Oil Company. Maybe, when this big gob of the people's money has been irretrievably lost, the fellows who voted for the measure will take to their cyclone cellars.

THE methods of the modern "Criminal Lawyer" sometimes lead to disaster. The late unlamented TOM CAMPBELL cost Cincinnati over sixty lives and Hamilton county over \$4,000,000 in money. AARON KOHN is to Louisville what CAMPBELL was to Cincinnati. With the history of "Bloody Monday" before her, it would seem that Louisville had had enough of rioting.

ONE of the most thoroughly damned men that ever lived was the late Senator MATTHEW STANLEY QUAY of Pennsylvania; but in Congress the other day some of his former defamers slobbered over his remains in their efforts to deify him. Verily, some people never tell the truth about a man until he is dead.

THE big city newspapers are making much ado over FREDERICK HENSCHKE of Newton, N. J., who is said to be the oldest practising barber in the United States. It is claimed that in fifty-one years he has shaved 229,000 people, done 35,000 hair-cutting stunts, used a ton of toilet soap, 3 hogsheds of bay rum, 1,000 pounds of powder, worn out 500 brushes, 700 razors, 200 combs and 100 pairs of scissors. He has removed enough hair and whiskers from Jerseyites to fill a bolster a mile long and one-third of a mile thick; and if it is true, as calculated, that a barber makes an average of 250 separate movements of the hand in shaving a customer, then HENSCHKE's hands have performed 58,250,000 distinct movements in his tonsorial operations, not including the motions necessary in cutting hair and curling mustaches. All of which is quite interesting from a statistical standpoint; but the compiler has failed to tell how many miles of language this old patriarch has pumped into the weary ears of his patrons.

Political Pickings

CHANGED HIS MIND.

Louisville Courier-Journal.

Judge James Hargis, asked by a Lexington reporter for his opinion of the Feltner deposition, said that he had not given it a thought. Of course the Judge is a very truthful man, and, being truthful in this instance, one cannot help speculating why it is that he attaches no importance to Feltner's testimony now, whereas a few weeks ago he attached so much importance to it that he successfully resorted to extraordinary efforts to prevent Feltner from delivering that testimony before the Clark County Jury which pronounced this same Judge Hargis guilty of the murder of James Marcum.

SOCIAL EVENTS

Miss Anna Lynne Schatzmann was greatly surprised Monday evening when she returned home from the Union Services to find the parlors filled with Maysville's handsome young ladies and gents awaiting her arrival. It was a delightful occasion, games being indulged in until the hour of twelve, when the dining-room doors were swung open to a delicious spread, arranged all unknown to her by her loving mother. It was a surprise long to be remembered.

The Breathitt Gang

What May Be Expected Next From the Hargises

Louisville Courier-Journal.

IS THIS THE NEXT TRICK?

It is rumored that the Hargis gang in Breathitt county expect to play their trump card this week.

The situation in which these men find themselves is this:

Some of them have already been pronounced guilty by a Clark county jury, in a civil action, of the murder of Marcum. These, with others of the gang, have been indicted by a Fayette County Grand Jury for the murder of Cockrill. Their one purpose is to prevent a criminal trial for their offenses in any county except Breathitt, whose Courts they have controlled. To this end they have had themselves arraigned by one Edwards, a Breathitt Magistrate, whom they have found it convenient to use on other occasions. They plead this action of Edwards as a bar to the efforts of the Fayette county authorities to bring them to trial in Lexington. The Fayette county authorities, among others pleas, insist that the action of Edwards was fraudulent and was resorted to as a trick solely for the purpose of defeating justice.

It is now reported to be the plan of Hargis and his crew to follow up the Edwards trick by having themselves indicted in Breathitt county this week for the murder of Cockrill, having themselves tried by a Breathitt Jury, and, of course, having themselves acquitted. This time, the plea of "once in jeopardy" will be a safeguard against a trial for the same offense anywhere else.

That this is the scheme The Courier-Journal has good reason for believing. Whether it will be carried out, now that it has been exposed, remains to be seen. That it can be carried out hardly admits of a doubt, unless

the new Commonwealth's Attorney of that District, who is reputed to be a most particular friend of Hargis, shall prove that he is actuated in his official conduct by higher motives than friendship for Hargis. The Breathitt Grand Jury meets today. That Hargis can dictate the action of that body is very generally believed. Will he do it, and thus take the first step in the new conspiracy to defeat justice which is now thought to be afoot? The news, or lack of news, from Breathitt this week will vitally interest the entire state.

Be A Real Woman.

No. 805 Pease Avenue, Houston, Texas, May 14, 1905.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong.

I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

Mrs. Charles Mason

VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

River News

The Allegheny and Monongahela rivers are still falling.

There are 110 coalboats and 20 barges tied up at the Pumpkin Patch at Louisville.

The towboat Delta, sunk at Cincinnati, has been raised and is fighting its way to the harbor there.

Many boats are undergoing repairs at Pittsburgh in anticipation of a resumption of navigation.

The weather for the past few days has been favorable for a break-up in the river. A sudden rise, produced by a general heavy rain, would cause a disastrous flood. A little rise is all that is needed to open up the river and lessen the danger of a big flood.

The ice in the river at Portsmouth broke Sunday, moved down a short distance and again blocked. A strange feature of the river's antics is that when it broke loose the shore ice moved first. The ice in the middle of the river remained perfectly stationary for some time while the heavy shore ice moved slowly.

In Tunbridge Wells, England, a man read in his Bible the passage, "And if thy right hand offend thee cut it off," and at once went into his yard, took a cleaver and chopped his right hand off.

Twenty Bulgarians were killed in a night with Turks at Strumitza February 10th. The Turks burned the village and the bodies of fourteen women and several children subsequently were found in the ruins.

Five and a half tons is the weight of the foundation stone of Liverpool Cathedral, to be laid by the King.

The belief that temperatures are highest during sunspot minima is opposed by Mr. A. E. MacDowall, who finds evidence that during the last sixty years sunspot maxima have been accompanied in England by the higher temperatures.

Senator McCreary is watching closely the matter of improvements in the Kentucky river. There is a balance unappropriated for this work that will serve to continue it for several years, though not enough to finally complete as originally contemplated.

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man—if it's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We realize this. We know what good printing is and produce it. We are pretty careful not to let a bum job get out of our presses. No press in the country can better our printing and we want you to know it. HAVE THE DAVIS PRINTING HOUSE PRINT IT. PUBLIC LEDGER BUILDING.

SAY!

You people who have been buying river coal all winter, have you noticed your pile lately? It's going down mighty fast, isn't it? Well, now, that is caused by the ice in it melting. In our coal you don't get any of that. You get nothing but nice, clean coal arriving from the mines most every day. Then our coal is worth a trial, isn't it? Call up 69 and we will tell you more about it. Remember, we also handle Salt, Sand and Baled Hay.

Yours truly,

W. R. DAVIS,
